Features & Benefits

Duralast products are engineered and manufactured by Wells Vehicle Electronics, a leading global supplier of advanced vehicle electronics solutions for original equipment and replacement applications. Every component either matches or improves on the OE design to ensure fast, easy installation, superior performance and reliability. Wells offers extensive application information and technical support via its Tech Line at 1-800-558-9770.

- Regulates the amount of air entering the engine during idle
- When not replaced, vehicle could experience high or low idle, engine dies at idle and/or severe high idle possibly causing internal engine damage and safety issues
- Exclusive air flow testing ensures consistent performance
- Designed to meet or exceed OE specifications in form, fit and function
- Global coverage for import and/or domestic applications
